FOR IMMEDIATE RELEASE

October 26, 2018

Huntington Bank donates \$10,000 to PHF's Flood with Love Initiative.

[Hancock, MI] Throughout the last few months since the 2018 Father's Day flood, many individuals and corporate institutions have come together to help raise over \$600,000 in proceeds to the Portage Health Foundation (PHF) to help get families back into safe, healthy home environments. Huntington Bank generously donated \$10,000. They are a true neighbor and partner through PHF's Flood with Love initiative.

"At Huntington, we are committed to strengthening the communities we serve," said Amber R Curtis, Retail District Manager at Huntington. "That's why we are proud to do our part to support the Portage Health Foundations' Flood with Love Initiative. We want our customers, clients and the community of Houghton County, MI to know that Huntington is here for you."

"The past few months have been incredibly taxing for the community," said PHF Marketing and Communications Coordinator Chelsea Goodreau. "Thanks to partners like Huntington Bank, we have been able to move our flood relief effort forward to get families assistance and their homes back into safe environments."

As promised, 100% of the proceeds that PHF has received have gone back into home repairs for homeowners who were affected by the Father's Day flood. PHF wants to thank all the partners who have come together to make this initiative successful and moving forward. You are truly making a difference.

You make the difference. Together we make it possible.

The Portage Health Foundation is a 501(c)(3) charitable organization that receives and contributes charitable donations which support the health needs of the community through enhanced philanthropy and community collaboration throughout Baraga, Houghton, Keweenaw and Ontonagon counties.
